BOTH 'PHONES 964

Lexington, Ky., Dec. 21 1912.—Sales of tobacco on our market this week is 1,957,109 pounds with a general average on the entire sale of \$14.15. Sales on the market since the opening date, Nov. 19th, is 5,636,140 pounds, with a general average on the entire offerings of \$12.74 prices ranging from \$4 to \$61.

On Wednesday of this week we had the first good tobacco season that has come since the crop was ready to move, which caused the receipts of tobacco for the latter part of this week to heavy. Prices under heavier offerings, showed a stronger tendency, and especially was this the case on good to fine tobacco and more tobacco selling above \$20 than heretofore, which bears out our prediction that good to fine tobacco would sell for the higher prices. Red tobacco of all grades sold better this week than at any time since the crop began to move with more competition on this class of tobacco than has previously prevailed. Color types of all classes show a stronger tendency and fully as high as at any time.

Summing the market as a whole, it is certainly satisfactory, and justifies the selling of tobacco as rapidly as proper condition and handling will permit.

Sales adjourned on the 20th day for the holidays resuming on Thursday, Jan. 2, 1913. All of the warehouses belonging to this company will remain open during this time for the receiving and unloading of tobacco for sale on Jan. 2nd.

NATURE'S ESSENCE...Extracted From Forest Plants.

Nature's laws are perfect, but disease follows if these laws are not obeyed. Go straight to nature for the cure, to the forest; there are mysterious herbs that we can fashion for you. Take the bark of the wild-cherry tree; the root of ginseng, stone, Oregon grape root, queen's root, bloodroot and golden seal, make a disease, non-alcoholic extract of them with just the right proportions and you have

Doctor Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this pure glyceric extract and alternative of the greatest efficiency and without the use of a particle of alcohol.

Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic.

Pence Bros., of the Marksburg section, delivered a few days since, 65 head of cattle averaging 1,328 pounds, to Jones and Siman Well, of Lexington, 50 head bringing them 7 1-4 cents and 15 head at 7 cents per pound.

W. R. Burton, of Lancaster, has been collecting a large number of from 4-year-old to 6-year-old mules at his sale stables, having brought in 50 or more head in one drove, buying them up in connection with some St. Louis purchasers, who are in Central Kentucky on the search for a good grade of hybrids.

V. A. Lear, of Garrard, recently shipped two loads of hogs to Cincinnati, one consignment going to Crawford and Co., and another car containing 90 head also being exported to a Queen City firm.

The following are some of his late purchases for his recent exports: From C. M. Jenkins of the Marksburg section, 60 160 pound porkers at 6 1-2 cents per pound; from G. B. Swinebroad, of Lancaster, 14, 110 pound shoats at \$6 per hundred from George Ruble of Buena Vista, 152 175 pound hogs at \$6.55 per hundred; from William Scott 9 135 pound porkers at \$6.35 per hundred from C. A. Arnold 9 head of 110 pound shoats at 6 cents per pound.

Few mules changed hands at Lancaster Monday most of the owners asking sky high prices for them. A number that were extra classy were bought, but the offerings were not large. W. R. Burton purchased five extra topsy fellows for a foreign buyer at \$200 a head. There were two or three hundred cattle on the market, and quite a number changed hands, at from 4 to 5 1-2 cents, according to the quality offered. Few were better than medium grade.

Lawson and Brown, the well-known Lancaster stock firm made a shipment last Thursday to Hubbard, Haus and Ragsdale at Cincinnati, and another of hogs to the same markets a few days previous the following are some of their recent purchases, made by J. D. Pope, one of the company. From William Ferguson, 10 20 pound hogs at 6 3-4 cents per pound; from Arch Stevens, 16 175 pound porkers at \$6.50 per hundred; from Josiah Anderson, a bunch of 170 pound hogs at 6 cts. per pound; from W. B. Lee 10 200 pound porkers at \$7 per hundred. Thursday's consignment was a mixed load of stock, containing 65 hogs and 12 head of cattle.
